The Testament of Beauty

'TWAS late in my long journey, when I had clomb to where the path was narrowing and the company few, a glow of childlike wonder enthral'd me, as if my sense had come to a new birth purified, my mind enrapt re-awakening to a fresh initiation of life; with like suprise of joy as any man may know who ram-bling wide hath turn'd, resting on some hill-top to view the plain he has left, and see'th it now out-spread mapp'd at his feet, a landscape so by beauty estranged he scarce wil ken familiar haunts, nor his own home, maybe, where far it lieth, small as a faded thought.

Robert Bridges.

TO BEAUTY

WHAT is beauty? saith my sufferings then.—I answer the lover and poet in my loose alexandrines: Beauty is the highest of all these occult influences, the quality of appearances that through the sense wakeneth spiritual emotion in the mind of man: And Art, as it createth new forms of beauty, awakeneth new ideas that advance the spirit in the life of Reason to the wisdom of God. But highest Art must be rare as nativ faculty is, and her surprise of magic winneth the favor of men more than her inspiration: most are led away by fairseeming pretences, which being wrought for gain pursue the ephemeral fashion that assureth it; . . . .

FOREWORD

WHEN the mystic haze of years recalls the activities of school days as golden memories of the past, every memento of those pleasures will become a priceless treasure in the possession of those who enjoyed them.

With this in mind, we present this book to you as a history of the past year, and hope that in years to come this, THE 1932 HORSESHOE, will give you an opportunity to relive the days you spent in dear old A. H. S.

The Annual Staff.

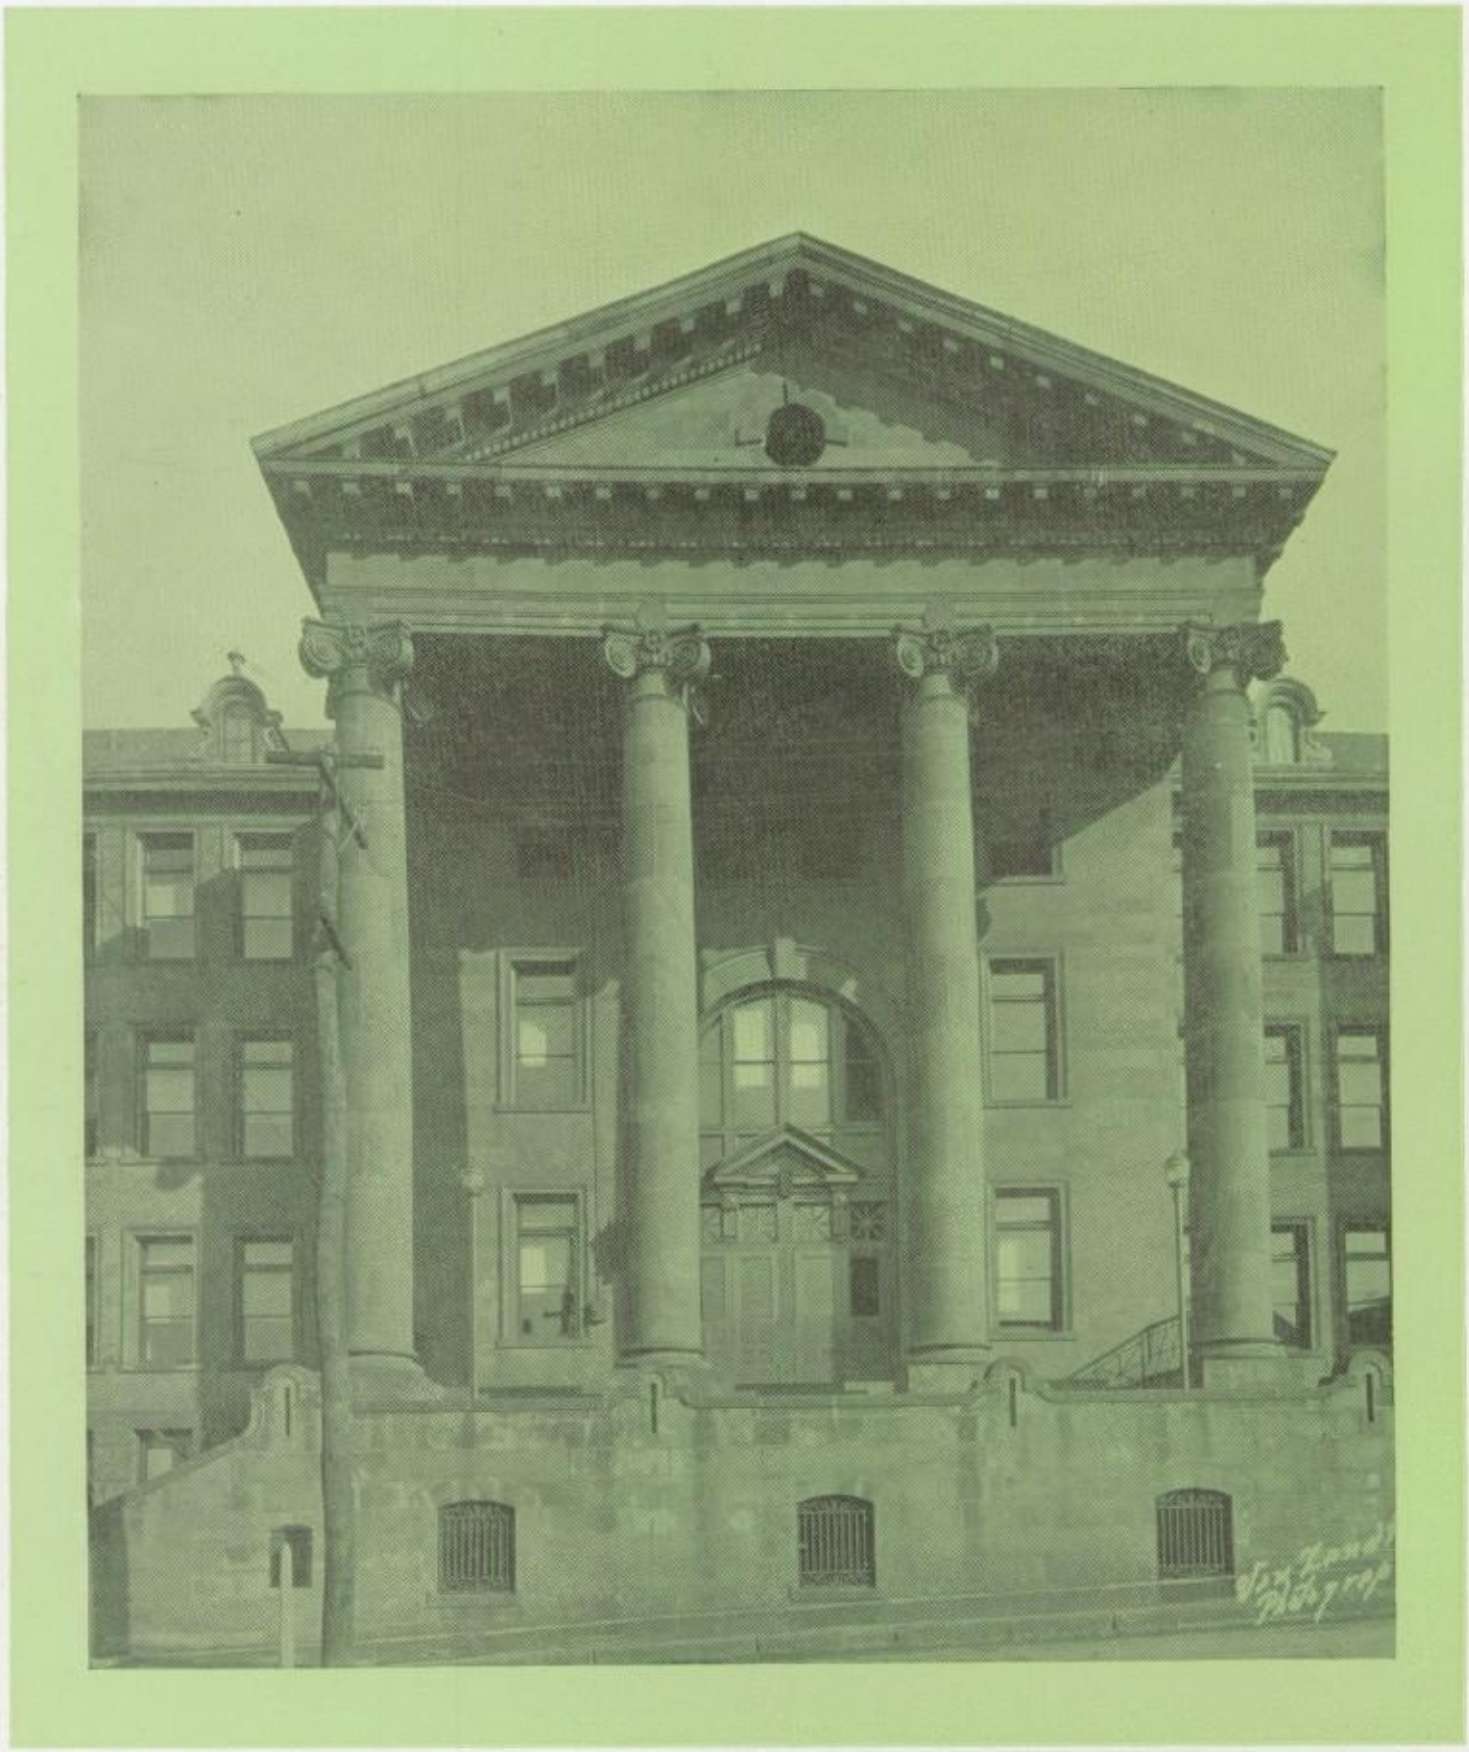
Music



The regal beauty of your brownstone front,
The pillars with their lofty heads held high
Diffuse a quiet dignity and peace
Found in the vast realm of an evening sky.

Amid the glorious scenery of the land,
The Horseshoe Curve in stately splendor lies;
And as a monument through time will stand,
To perseverance and enterprise.

Alma Mater

Blow, oh gentle mountain breezes,
From the golden west;
Breathe thy peaceful evening tidings
To the A. H. S.
Whisper to us words of pleasure,
As the dim twilight
Softly gathers round our colors,
Dear Maroon and White.

Now the shades of night grow darker;
Birds have gone to rest;
But our colors shine the brighter
Of the A. H. S.
Sinking sun behind the hilltops
Sighs a soft "good night"
To the colors waving o'er us,
Dear Maroon and White.

Night has slowly crept around us,
Stars are shining bright,
Waving, oh so calm and peaceful,
Dear Maroon and White.
We shall always sing thy praises,
Work for thy success;
Hail to noble ALMA MATER!
Hail to A. H. S.!

Senior Class History

AS we, who are so soon to leave these halls of learning, look back over the past three years, we feel a soft satisfaction mingled with regretful pain. We are satisfied because we know that we, as a class, have done our best to live up to the traditions of our Alma Mater, and we are regretful that it is over; because never again will we enter the Altoona High School as a part of it, shaping its character as it shaped ours. As we say farewell, we take a last lingering look over the past.

I

On September 4, 1929, we entered the imposing entrance of A. H. S. in pursuit of wisdom. We tried our best to look sophisticated, but we actually managed to look like a group of prisoners awaiting their sentences. However, after the first confusion of finding rooms, getting schedules arranged correctly, etc., we got along fairly well. Although the upperclassmen razzed us a little, they treated us kindly, and the teachers were always ready to lend a helping hand.

By the time we had learned our way around and were getting down to normal routine, football season started. Our wounded vanity was restored by the excellent sophomore material on the varsity. On November 9th—unforgetable date—we beat Johnstown, and on the following Monday we had the memorable walk-out. Perhaps it was illegal, unruly, and against all rules and regulations, but it will live in our memory long after Latin verbs and geometry rules have passed into oblivion.

Early in December we had our famous bonfire in celebration of our victory over Billtown; and what a business the shoe stores had the next day! Doing snake dances in mud up to one's knees is not particularly good for either shoes or feet. After all this festivity, our spirits were brought down again by the mid-year exams.

With football season, vacation, and mid-year tests over, life was just threatening to become normal when along came the Annual Show. It was a huge success, in which many members of our class took part. After this event, the school days passed quickly until, before we knew it, the final tests were upon us—the finishing touch to the most exciting year we had ever spent.

II

After a happy and (perhaps) a restful vacation, we returned to resume our studies as "Jovial Juniors." Being accustomed to the building now, we had little trouble in following our routines, and we settled down to work and to wait anxiously for football season. We had a successful season although we lost the conference championship to our old enemy—Johnstown. However, we had little time to be depressed. The senior class was organizing, and so we too began to think of class organization. Early in February, we elected for our junior class officers, Harry Taylor, president; Delores Mattas, vice president; Irma Rittenhouse, secretary; and Donald Kraft, treasurer. These capable people led us through a very successful year. We had several successful socials, and a Junior picnic which will be remembered for years. Among, and between these diversions came the annual show in which many members of our class took part. Towards the end of the year the English play, "The Youngest," was produced under the direction of Miss Rodkey, and our vanity swelled to enormous proportions when we discovered that the leading roles were taken by members of our class. After this triumph, we were promptly subdued by the imminence of final exams. With this ordeal over and vacation before us, we again said "au revoir" to our high school until the fall should again bring us to our halls of learning.

III

In the fall of 1931 we entered our Alma Mater as seniors. Soon after school opened, football season began and our Maroon and White warriors captured the championship of Western Pennsylvania.

A short time after this victory, our class organized, selecting for its officers, James Monahan, president; Irma Rittenhouse, vice president; Delores Mattas, secretary; and Jane Brubaker, treasurer. Along with our socials we had the annual show, a rollicking laugh-fest from beginning to end, the English play, which was as excellent and entertaining as before.

With all these diversions the year went all too quickly until final tests were upon us—the beginning of the end. There followed in quick succession Commencement exercises, the banquet, the picnic—a mixture of tears and smiles and laughs and sighs. At last we said good-bye for the last time to the halls we loved and to the building which meant to us not stone and brick, nor any material thing. To us it meant three happy years of work and play among our friends—years which can never come again.

Senior Class Prophecy

"ALL right, gang, we have some red hot newsy news today; so get busy." This comes from the editor, Sparrow Mannion, of the *Daily Astonisher*, as he gallantly cheers his staff on to getting the evening issue ready for print.

"Kekalos, tell Datres to send a hundred copies to Miss Betty Hogemeyer; her picture is in tonight. She's addressing the Mary Merry Maidens Society on "How to Hold Your Husband."

"The editorial page isn't full. Get Miss Burkhart to review William Van Davis' book *My Stage and Screen Success*. Say, he's playing opposite Martha Line now in his own play *Dilemma*. She can get that book at Neuwahl's publishing house or at Taylor and Scholl's stationery store."

"Fix this headline. Yes, you Bill Burns. 'SENATOR McNAUGHTON CREATES SENSATION IN SENATE.' It sounds like a series of sibilant sounds; and while you're at it, separate the article about President Monahan of the Greasy Oil Corporation and George Kalb, Famous Violinist; they don't go together."

"Hey, here's a snappy article, 'DOLORES MATTAS FAMOUS DANCER KIDNAPPED FROM STAGE. The audience thinking this act was part of the show drowned her screams in applause. Detectives Dwight Fickes and S. J. Moses are hot on the trail.' Stick this on the front page."

"The front page is full, Chief."

"Well, take out the squib about M. Patricia Walter of the Shaner News Syndicate who ran down Walter Oswalt while touring California on a bicycle."

"No, we'd better not cancel that for she was in her Damlier on her way to interview Miss Dorothy Fowler in connection with her latest production, *Precious*, in which she is co-starring with Tommy Orr."

"All right; here comes Gieg with the material from the telotypewriter. Read it over, Walters."

"O. K.!"

'Mr. Howard Jastin Brett, Ambassador to Italy, spoke yesterday over an international hookup on "How to Masticate Spaghetti."

'Rose Groban, budding young artist, was awarded first prize in the National Art Exhibition for her painting, *Cat Eyes*. The second place, however, was to go to Sara Haines' *Violets* or Leroy Hobson's *Consolidated Hotdogs*.'

'Mr. William Asterbilt Yeatts starts search for his personal butler missing since Thursday. He is said to have run away with Miss Gene Reinheimer, a mannequin at Macy's.'

'Rabbi Samuel Sealfon, formerly of Altoona, but now of Podunk, will speak here. He will be met at the train by a band of Ladies Aiders, headed by Miss Marjory Stephenson and Miss Margaret Anderson.'

'Fred Lafferty took first place and "Sis" Dinges a close second in the Annual Swiss Alp Climbing Race.'

'Donald P. Kraft, bachelor millionaire, bestowed half of his amassed fortune on Miss Dorothy Burd, the brave motherly instigator of the home for homeless cats, for use in her important work.'

'Jean Seads threatened Judge James White with a revolver for supressing her book *The Love Life of Pompey*.'

'President of the United States, Carl Etter, presented Congressional Medal to Irma Rittenhouse for flying around the North Pole five hundred times in her auto-gyro without getting dizzy.'

'Famous basketball star, Randall Keller, jumped twenty-five stories from a flaming building into a net held by firemen Andy Muir, Harry Neugebauer, John Blackburn, and Bill Dillon. First aid was rendered by Dr. Kenneth Heaps.'

"There's the phone. That's Miss Gluntz with her report of the typing marathon. Hello! Who? You say Edith Santella wins? Collapses after three weeks without stopping? Martha Brumbaugh came in second? O. K. Now dash over and get some dope on this crash over the Darchof theory between Prof. Carl McVicker, head of the Einstinogical department at Oxford, and Dr. Burt Meyers, professor of analytic geometry at Penn State."

"This article ought to be a feature—

'Inventor Curtis Beerman innocently started a panic when he walked up the aisle of a lecture room carrying a powerful Guy Anderson magnet with which he intended to demonstrate an experiment to a group of society women interested in physics. When he reached the platform where he was greeted by President Anne Grimshaw, he found his magnet covered with ladies hairpins, and turning to the audience, he was confronted by a group of angry women, hair streaming down their backs. Among the most violent were Misses Marion Hirst, Bertha Boldt, Kathryn Terwilliger, and M. M. Meese.' "

"Somebody write an explanation under this picture *The First Lady* presenting the prize in the Easter-egg rolling contest."

"All right; what was her name before she was married?"

"Doris Bollinger."

"Miss Bathgate, read me the last column of the back page."

She reads:

'Mr. John W. Welker disappeared suddenly last night. If he does not return soon, his position as overseer of the McTavish Electro-Magnet factories will be given to Mr. Sheldon Clapper. It is rumoured that he joined the Navy, but others believe he eloped with a certain young lady named Schlayer, or Slayer.'

'Suffering from laryngitis, Miss Mary McKinney, local soprano radio star has temporarily withdrawn from the air until she recuperates. Miss Sara Louise Levan is taking her place.'

'Advertisement—Wanted, a wife. I am a middle aged widower with five children, heavy set, black hair tinged with gray, large black eyes. Am well educated and hold the position of President of the Hoss and Buggy airport. Solicit correspondence with view to matrimony. Charles T. Botwright.'

'Misses Geraldine Adams, and Catherine Gallager, French teachers in A. H. S., returned from a trip to Paris where they visited the setting of Victor Hugo's *Les Miserables*. Monsieur Lynn Hildabrand proved to be their interesting guide.'

'There will be a reunion of the class of 1932 of Altoona High School on next Saturday in the school study hall. The class officers and members of class committee who are residing in this city have complete charge of arrangements. After a business meeting and speeches, a social will ensue. Entertainment will consist of checkers, flinch, chess, and Peter Coddles' trip to New York.'

"All right, send the paper to press."

Who's Who

DOROTHY BURD—*"Oh, my hair's comin' down."*

That brown hair with its besetting fault belongs to a pair of brown eyes, a befreckled nose, and a smiling mouth. "Dipper's" our most popular girl and this is not a believe-it-or-not column. As Literary Editor of the Horseshoe, "Dipper" proved herself a valuable asset. The Honor Society, the Quill and Scroll, and committees are not nearly all the activities "Dipper" gives her attention to, and never slights anything or anyone.

WILLIAM DAVIS—*"Hello Baby."*

Just try imagining High School plays without "Billy," the dashing Romeo. He is assistant Editor, and chief head liner for the Mountain Echo, President of the Scriveners, and in the Honor Society. When he isn't worrying about his Latin, or has a play on his mind, he is preparing a speech to be given some time, some place. "I'm the busiest man in three counties, aren't I?" Also he is the most talka . . . I mean, the best conversationalist.

LILLIAN ELLSTROM—*"Hi-There!"*

Lillian illustrates the saying, "good goods come in small packages." She capably held the office of Vice President of the Senate in her Junior and Senior years. She belongs to the Honor Society and is a beautiful little singer.

CARL ETTER—*"Wouldn't that slap the powder off your face?"*

Carl burst into the theatrical world with a bang in the *Romantic Age* and since, after his performances such remarks are heard as, "Isn't that little Carl Etter a scream?" He is one of the assisting editors of the Mt. Echo and is in the Scriveners. Around the publication room he is noted for his "ingenuity," Indiana dialect, and grotesque sense of humor. Besides he's our most popular boy.

DONALD KRAFT—*"Teacher, she's bothering me."*

Don was Treasurer of the Junior Class last year, and on the Finance Committee this year, but he's a National Honor Society man, so don't worry. He can bake the best cookies of anybody we know.

PAUL GIEG—*"Pfew."*

A hard working towhead—that's Paul. He has helped decorate for our socials for the last two years and he is a very energetic worker on the Annual Staff. What more can you expect—dependability, co-operativeness, and good naturedness.

ANNE GRIMSHAW—*"I thought I'd pop."*

"Sweet and Lovely" are the words to describe our popular Girls League President. Last year she was Secretary of the Senate. In addition to her executive ability, Anne is a very graceful dancer.

KENNETH HEAPS—*"What do you think?"*

Kenny is the fellow with the big smile who makes you feel at home at the Senior Socials, for he's chairman of the Reception Committee. He is one of the Latin "Intelligentsia," and you remember his impressive speech in assembly as President of the National Honor Society.

ROBERT McNAUGHTON—*"Oh, I forgot all about that meeting."*

And no wonder, for Bob as President of the Boys Federation has a lot on his mind, to say nothing about Debating, Mt. Echo, Dramatics, Glee Club, Decorating Committee, Physics and Radios and . . . . girls.

JOHN MILLER—*"The deadline is on Thursday. Copy accepted no later."*

John warns the reporters, for as Editor of the Mt. Echo he is chief admonisher. John belongs to the Senate, Quill and Scroll, and the National Honor Society. When the band plays, the big boom is Johnny, bass drummer.

JAMES MONAHAN—*"If they work, they stay on,"*

says Jimmie, trying to be serious. You know he's president of most every thing going; his home room, the Hi-Y (last year) and even the Senior Class. Last year he was in the Senate, on the decorating committee, and the baseball team. Here's to our prexy!

SARA JANE MOSES—*"Hi! Have you seen Anne anywhere?"*

"Mo" is our hall patrol captain and she makes the Sophs step. The day before any social she is to be found in the study hall on the top rung of a step-ladder hanging streamers. She was on the Junior executive committee and making speeches in class meetings was her hobby.

WALTER OSWALT—*"I am not prepared Miss Stockton."*

"Oscey" is business manager of the Horseshoe, and is responsible for all those salesmanship announcements on the sheet, declaring that the 1932 Horseshoe is the n———— all right. Walter thinks it's great to be crazy.

DOROTHY RICHARDS—*"Gee-rusalem."*

The girls' Sports Editor of the Annual is truly representative. A dart down the floor, and a basket; some quick manouvering, a strong swing, connection, and a goal; a "hefty" swat, fast legs, a home run. Dot, our most athletic girl.

MARY ELIZABETH SCHLAYER—*"Is there anything to type?"*

She's a Senior Associate Editor of the Horseshoe and generalissimo around that office. She's on the debating team, and knows how to employ the art that got her there, intermingled with wit, anywhere and everywhere. Why the sudden interest in boys' athletics, Mary Liz?

JEAN SEADS—

Jean is Miss Salutatorian and a whiz at translating Virgil. She's in the National Honor Society and the Senate, and do you remember the little Russian dancer in "The Brevities?"

HARRY TAYLOR—*"I'll Bite."*

"Hi" belongs to our "Four-hundred." He claims that his dignity grew even though he didn't when he became President in our Junior Year. We're still wondering, "Hi", if that certain Sophomore doesn't have that something in her smile that seems to make life worth-while. (Help us out. Won't you?)

KATHRYN TERWILLIGER—

Kate—slender, attractive, graces our class as Valedictorian. She is also a member of the National Honor Society. And can she play baseball!

MURIEL WALTER—*"Keep out of my way, I'm in a hurry."*

And "Pat" very often is, getting copy in for the Handbook (she's editor); dashing to Senate meetings (she's a politician); getting to classes on time (she's a hall patrol); finishing the last Trigonometry problem (she's a struggling mathematician); coming to Quill and Scroll meetings (she's a journalist); and talking (she's our best girl conversationalist).

JOHN WELKER—*"Say, do you do anything?"*

Freckles, blue eyes, and a big grin—that's Johnny. He's a sprinter he is, not only on the cinder track and when decorating for socials, but also in getting this notable Annual together, for he is Ye Editore. Not only that, but he is a member of the National Honor Society and the Senate.

JAMES WHITE—*"For the sake of Democracy."*

Jim is the conservative president of the Senate, and the sporting president of the Forestry and Outdoor Club. He is short, has light red hair, a few freckles, (some significant characteristics.) By the way, he was Chairman of the Junior Refreshment Committee.

WILLIAM YEATTS—*"Oh gee, that's right."*

"Bill" is the chief executive of the Honor Society, but in class history he is listed under "Added Attractions" since he served two years on the executive committee. The Boy Scouts call him "Mayor," and Bill claims his ability to make stump speeches can be traced to this period of his life. Then there are those what think he's handsome.

Junior Class History

HARK ye and listen, while we relate the Junior class history. We shall endeavor to bring before you the hopes, the ambitions, the successes, and the victories of that body.

The tale of our Freshman year is one to be long remembered by us all. In the fall of 1929, assuming that noble feeling of the high and mighty, we gallantly opened the doors of Roosevelt, resolved to be the most aggressive Freshman class that had ever taken the reins of that school. The mysteries of algebra and Latin, which at first shrouded our happy days, were soon mastered by our tedious study. As was the custom, a president was chosen for the school. Sheldon Ehringer emerged victorious after the smoke of the political fires cleared away. Our annual play, *The Toreadors*, was stamped as the most outstanding work of our Freshman year. Recognition day brought to an end our short lived reign and we looked forward to our becoming full fledged Sophomores.

We arrived at Altoona Senior High with high spirits—but oh, how they were dampened. Of course, the Juniors and Seniors were the cause of this catastrophe. It was not unusual to hear our classmates make such bright remarks as, "Could you please show me to room 116," or "Would you direct me to the cafeteria?" In other words we were considered "just naturally dumb" by those most honorable upper classmen. However, we soon became acquainted with our surroundings, and in a few weeks everything was running smoothly. The first thing of great import that occurred was the organization of the Sophomore class. To us, this was to be a great honor for we were the first Sophomores to organize our class. However, by the amount of buzzing that was to be heard, and by the horror displayed by the Seniors that such a thing could happen in A. H. S., one would have thought it an insult. Nevertheless, we organized, and very competent officers were elected with Wilbur Kane as president. And—can you imagine—we were allowed the whole of one social during the year. This red letter day was Friday, February 13, and contrary to superstition a good time was had by all. Nothing more of grave importance happened except, of course, the second semester exams. These occurred amid much nervous excitement and unfortunately reduced the size of our class.

Finally after regretfully realizing that our joyous vacation had passed too soon, we returned to school, advanced into Juniordom, "the cream of the crop." Far too busy trying to find out what chemistry and geometry were all about, we did not find time to molest the insignificant Sophomores. But we should care, what were puny Sophs in our life anyhow? Throughout the year, creditable to our class standing, was the fact that many Juniors had contributed greatly toward the success of all the sports.

After the highly welcome Christmas vacation was terminated, we met the terror of terrors—mid-year exams. Greatly depressed and darkened as we had been by these exams, we were suddenly enlightened and overjoyed that the first Junior prom had arrived at last.

The end of the school year came much too soon, but since time goes unceasingly forward, we placed the pleasant memories of that eventful year in our supposedly more educated minds and turned to face our last year in A. H. S.

Sophomore History from Keith

WHAT a thrill we felt as we entered Keith, that splendid yellow brick temple of learning surrounded by green terraces and rock gardens!

The inside was even more lovely than the outside. The auditorium had been painted in pastel pink and yellow. The gymnasiums were large and modern in every respect. The cafeteria was more complete than any other in Altoona. Everything was new and lovely, and we were proud to be the first to receive our junior high instruction in that beautiful building.

Early in the year we decided that our school colors would be Green and White. These colors graced our team in its brave battles.

We were members of a new school, and so we had many opportunities to assist in the various organizations. We wrote songs, published the D. S. K., our school paper, organized a band, chose a school pledge, and supported our newly formed team.

There are certain events of that year that stand out in our memories:

The presentation of *Keith Varieties* occurred on March 26, 27 and 28. Everyone present acclaimed this play, a huge success.

Our team invaded Johnstown and chalked up a 6-0 victory.

On Columbus Day, Mrs. Marks, representing the Altoona Chapter of the W. C. T. U., presented us with a picture of Frances Willard.

On Armistice Day our team defeated the Bedford Junior High, but on November 21, we were defeated by Roosevelt.

The football banquet occurred December 16. This affair was attended by the thirty boys to receive awards, the football coaches, the principal, Superintendent Laramy, and Rev. Peters who spoke on "What Makes a Football Player."

During the Christmas chapel exercises on December 19, the members of the dramatic and glee clubs presented the play "Why the Chimes Rang." This play was later presented at Altoona's Little Theater.

The Ladies' Auxiliary of the G. A. R. presented the school with a handsome flag on April 27. The following day, the P. O. S. of A. presented us with two more flags. Several hundred men and women representing this organization marched to the accompaniment of the Altoona High School Band from the Penn-Alto Hotel to our school.

The last day in Keith was a very sorrowful one to every one of us. During the last chapel exercises, honor students received their pins, the eighth grade charge was read, our ninth grade song was sung, and we were welcomed to senior high by a member of the senate. We now stood on the threshold of our high school career.

Sophomore History from Roosevelt

"STOP pushing!" "Where are they taking me, now?" "Get off my feet!" these remarks and many more were heard as the class of '34 was ushered from the auditorium to the gymnasiums for the assignment of classes. All were given reporting room numbers and then allowed to go home to tell their fates. Next day those who found themselves surrounded by a sea of new faces met the first social problem in junior high school, that of making new friends. Other problems soon presented themselves.

Science, Latin, and algebra were entirely new to everybody, but not so difficult as some of the Senior High students had predicted.

Athletic activities were entirely new to everyone, but the majority of the boys and girls willingly put aside their books to support the football team. The team was certainly worth the support it received. It started the season with a very successful game and finished with the loss of only one game out of five. Probably the most dazzling victory was that over Keith, our local rival school.

When election time came round, great enthusiasm reigned. Mary Jane Smulling, the first girl president of Roosevelt, proved herself an unusually good leader.

The semester tests caused many clouds and heartaches. This group was not yet accustomed to tests of this type, but the storm soon passed and the sun began to shine again for everyone.

Basketball season opened the new semester, but Roosevelt did little more than beat Keith, which was really the one great aim after all.

Probably the most important event of the school year was, as always before, the annual show. The show was a financial success, but many thought the similarity to the Annual Show given yearly by the senior high school detracted from the real entertainment.

This class proudly published a strictly ninth grade number of the *Blue and White,* which was really our *Annual.* This sort of publication is not usually achieved until the senior year in high school, and so we prized it highly.

This Freshman year in Roosevelt was really a year of hard work, a year of unusual accomplishments, and a year of joy intermingled with the unavoidable sorrows. Regardless of the fact that almost everyone was anxious for vacation, each one seemed sorry that the end of junior high days had come and intensely curious about senior high.

Business Manager

IN 1906 the first annual was published by the Altoona High School. This is the twenty-seventh publication, and our staff has tried to make this year's annual the best that has ever been published. At the beginning of the year, great care was taken in the selection of the staff; and representatives were chosen from the Senior, Junior and Sophomore classes. Each member has done his or her part in making the book the success that we hope it to be.

The staff had a splendid co-operation from the faculty advisers and the Art Department of the school, to whom we are very much indebted for their services. Mr. Williams has advised us generally on all phases of publishing the annual; Mr. Dickey has conducted the business end of the work very competently; Miss Hedden has co-operated very well in getting the typing work done; and Miss Swayne has very competently advised us in the literary work. All the art work throughout the book was done by art students and the art staff, under the able instruction of Miss Tressler and Miss Botdorf.

This year we have departed from the usual way of dedicating the book to an individual and have dedicated it to *Beauty*. This dedication is in keeping with our theme, *The Testament of Beauty*, a poem written by Robert Bridges, and published a short time before his death.

We sincerely hope that you will enjoy reading and looking at this Annual and appreciate the work of the staff members who have strived to make it worthy of the reputation of the school.

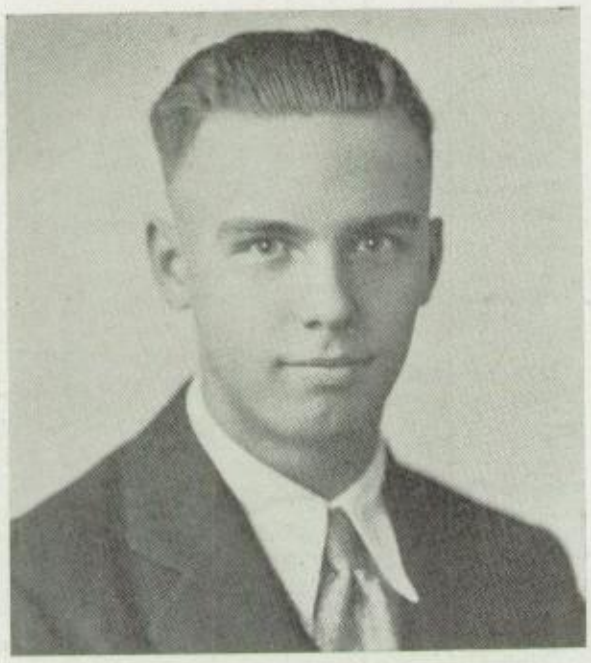
Our Newspaper Record



John E. Miller, Jr.
Editor-in-Chief

THE *Mountain Echo*, during the year 1931-32, has become established, more than ever before, as an indispensable factor in Altoona High School activities. Despite a financial low ebb . . . admittedly a customary, but assuredly a plausible explanation . . . the *Mountain Echo* has attained many progressive accomplishments in editorial policy, as well as in newspaper makeup. Outstanding among the many innovations were: A change from the old-ten-point type to the seven-point type, which brought about a marked improvement in the appearance of the paper; the publication of an Alumni Issue, edited by the staff, but devoted entirely to alumni news; individual assignment to each member of the staff of certain duties, for which that member alone is responsible; and the publication of a six page Christmas number.

The *Mountain Echo* was awarded second rating among high school publications of Pennsylvania in the annual contest sponsored by the Pennsylvania Scholastic Press Association, and was represented at the annual convention held by this association in Pittsburgh by William Davis, who conducted a discussion of how to secure readers for the school paper.

Fred Datres
Business Manager

Jean Shaner
Sports Editor

Stimulated by the aims fostered by the charter members of the Quill and Scroll, composed of the personnel of last year's staff, the *Mountain Echo* has striven to be a publication admired by high schools over the entire nation. The success attained thus far would not have been possible without the sympathy and inspiration of our faculty adviser, Miss Wray.

To next year's staff, the staff of 1931-32 leaves this heritage,—a school publication which is enjoyed and appreciated by students and faculty alike. Make the 1932-33 *Mountain Echo* an all-American high school newspaper.

THE activities of the Girls League began with a preliminary meeting held September 8, at which was featured the Big Sister Movement. The ex-president, Grace Savage, took charge of the meeting which was held as a party for the incoming girls. The Big Sister Movement is a new one in the Girls League but it has been very beneficial to new girls. It was at this meeting that Miss Lentz, the Girls League sponsor, announced that the scholarships which are given every year to girls were awarded to Grace Savage, going to Hood College; Evelyn Stiffler, going to Indiana State Teachers College; and Margaret George going to Shippensburg State Teachers College.

At the first general meeting of the Girls League, nominations for officers were held, while at the second and third meetings "boost" speeches and campaigns held the interest. The result of the election held September 29 were: President, Anne Grimshaw; vice president, Geraldine Emerick; secretary, Ida Woomer; treasurer, Marian Hirst.

At the fourth general meeting the newly elected officers were installed. The president, Anne Grimshaw, received the gavel; the vice president, Ger-

aldine Emerick, received the Book of Records; the secretary, Ida Woomer, the minute book; and Marian Hirst, the treasurer, was given the treasurer's book. Miss Wyland, from State College, who is in charge of the student teacher's training work, spoke on "The Waste of a College Education."

On November 10 the Armistice Day Program was held. It was a very impressive program, and at the end Miss Lentz read the list of Altoona High School students who had died in service of the World War. They were Ralph Alexander, Alton Cole, Chateau Thierry, 1918; William Lynn, Meuse-Argonne, 1918.

The meeting held December 8, featured the Scholarship Honor Roll of the Girls League and the presentation of the honor pins to girls who had attained an average of ninety in four solids during the year 1930-31. The number of pins, which included nine gold, twenty-nine silver, and forty bronze, was the largest ever to be presented. Mr. Gilbert awarded the pins and congratulated the girls on their fine work.

The December 22 meeting was turned over to the Entertainment Group of the Girls League. This group presented the Christmas program at that meeting.

At the January meeting it is the custom to have the Superintendent of public schools, Mr. Laramy, address the League. At the meeting the president also presents the past president's picture to the League to be hung in the hall. Anne Grimshaw, president of the League, presented the picture of Grace Savage, president during the year 1930-31, to the League.

At the different meetings held, the various groups of the League present their programs. In April the Senior girls go to Washington.

Members of the League who went to Washington this year were: Doris Bollinger, Marjory Barry, Doris Beattie, Lorene Bott, Dorothy Brede, Maxine Collins, Betty Davis, Minna Ebeling, Hazel Ellenberger, Geraldine Emerick, Alice Fickes, Frances Fornwalt, Marjorie Gammill, Alma Gluntz, Anne Grimshaw, Laura Good, Helen Gallagher, Jane Hauser, Dorothy Heess, Renetta Heiss, Harriet Hiner, Dorothy Hughes, Lois Huebner, Betty Hull, Vera Knepper, Helen Parsons, Louise Lee, Martha Line, Sara Louise LeVan, Mary McKinney, Thelma McGregor, Irene McCormick, Catherine Maricq, Sara Jane Moses, Dorothy Myers, Genevieve Paterson, Mary Pfeffer, Jane Phelan, Rebecca Ramsay, Virginia Replogle, Margaret Scholl, Elsie Schroeder, Erdene Shope, Beatrice Soult, Lorraine Shaal, Jean Seads, Mary Elizabeth Wright.

The dinner for the Senior girls and their mothers was held on May 7 ending the activities for the year 1931-32.

FOR an organization so young, the Boys Federation has been of remarkable service to the high school community. Under the able and wholehearted sponsorship of Mr. Gress, it has taken a prominent part in school activities. The Federation, with a membership of over 1,400 boys, is the largest student body in the school; yet its size has not detracted from its efficiency, for the officers and committees have had the unanimous co-operation of our boys in everything they have undertaken.

Besides the unifying influence which the Federation has had among the boys, the school is indebted to it for a number of specific benefits. The Wednesday evening radio program, under the leadership of "Clem" Hershey, has been one of the most entertaining and popular innovations we have had in many years. A statistical survey would probably reveal that several hundred boys and quite a few girls have given up their Wednesday night dates in order to get the latest music, gossip, and wise-cracks over the air from WFBG. The program has attracted listeners through its novelty, and has held them through its genuine worth.

The Welfare Committee of the Federation has been in the limelight a great deal this year, because its activities have had as much to do with school life in general as with the Federation. The whole high school has benefited by the active campaign the committee has carried out against smoking in and near the school building, dis-

order in assembly, and the scattering of waste paper in the halls. Funds derived from the several sources of revenue of the organization are used, through the Welfare Committee, to provide lunch, carfare, and medical attention for boys whose parents are unable to secure these necessities for them on account of financial difficulties. The nature of this work has, of course, been secret; therefore, a great deal of good has been accomplished without general publicity.

The Annual intra-mural sports program, in which all the athletically inclined boys of the school take part, is another activity under the control of the Boys Federation, through its Athletic Committee. Intra-mural sports satisfy the long felt need for some athletic program in which not only varsity athletes, but all the boys of the school may take part. Members of this committee, besides supervising home room contests in basketball, baseball, volleyball, and tennis, assist in the city-wide sports events of the grade schools. The popularity of these intra-mural sports events is proved by the fact that many boys took part last year.

The Publicity Committee, although not very well known outside of the Federation, gives valuable assistance in keeping outsiders acquainted with the plans and activities of the boys. By maintaining contact with the Mountain Echo and the city papers, the Publicity Committee is able to keep the Federation's aims and accomplishments constantly in the public eye.

Following a plan established early in the first year of its existence, the Boys Federation brings prominent men to speak to its members, on every convenient occasion, about many problems of boys of high school age. This practice has undoubtedly been of great benefit, and the credit for securing speakers of interest and profit goes to the Program Committee.

It is to the Concessions Group of the Boys Federation that we are indebted for the young candy and peanut salesmen who serve us at the football games. Half of the money taken in by these boys goes to the Athletic Association of the high school.

The Ushering Group, which also is a unit of the Federation, is also indispensable at the athletic field. The ushers, besides showing strangers to the proper seats, help to keep order at the games.

In addition to those mentioned, there are six other groups affiliated with the Boys Federation as special clubs, holding meetings every other Thursday. These are: The Automobile Safety group, sponsored by Mr. Grove and Mr. Jacob Miller; the Aviation group, sponsored by Mr. Fred Hite; the Dramatic group, sponsored by Mr. Snyder; the Forestry and Outdoor group, four sections, under Mr. Dickey, Mr. Pegg, Mr. Harbaugh and Mr. Hare; the Stage Craft group, Mr. Hauser; the Track group, under Mr. Bartholomew and Mr. Patrick.

While the Boys Federation cannot hope for some time to compete with the longer-established Girls League in helping needy pupils through college, it has made a promising start. During the first year, enough money was gathered from the Federation's sources of income to give two scholarships to boys who needed help and whose high school record was commendable. This year, the Federation hopes to start two more deserving boys on their way to a college education.

The Federation has now reached the end of its second year of existence. The officers, both this term and last, have done their best for the organization and its ideals. The boys themselves have worked enthusiastically and given their unstinted support, without which nothing could have been accomplished. And now, considering the splendid work of those responsible for the Radio program, the Welfare and Athletic committees, and of the Concessions and Ushering groups, the six special clubs, and the scholarship fund to its credit, who can say that the Boys Federation is not a success?

PROBABLY the first scholarship honor society founded was the Phi Beta Sigma, established by Dr. William B. Owen in 1900. The need for such honor societies was felt by all the states across the continent. These societies have as underlying principles: character, scholarship, leadership and service.

The committee that wrote the constitution of the National Honor Society, said, "The purpose of this organization shall be to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of the American secondary schools."

Service is interpreted as:

1. A willingness to serve the school when called upon.
2. A willingness to do thoroughly any assigned service in school procedure.
3. Willingness to show courtesy to visitors.
4. A willingness to uphold scholarship and maintain loyal school attitude.

Leadership is interpreted to mean:

1. Initiative in the classroom.
2. Initiative in promoting any high school activities.
3. Successfully holding positions of responsibility.
4. Contributing ideas which may be introduced in the civic life of the school.

Character is recognized by:

1. Meeting individual obligations to school promptly and completely.
2. Honest spirit in classroom and cordiality and sincerity toward teachers and fellow students.

Pupils who are eligible for this society are those who have attained to a high degree these four qualities, character, scholarship, leadership and service. They must be among the first third of their graduating class. Of the pupils who receive diplomas, not more than fifteen per cent may be members. However, there need not be fifteen per cent of the graduating class in the National Honor Society.

The symbols of the National Honor Society are the keystone and the flaming torch. The keystone represents stability and firmness, and the torch represents light and knowledge. The emblem of the National Honor Society is the keystone with the flaming torch on it, and the letters C. S. L. S. which stand for character, scholarship, leadership, and service. This beautiful emblem is resplendent in color, and neat in appearance. It is a very valuable possession, and although the members of the National Honor Society are not compelled to purchase the emblem, each one wants to have one and is proud of it when he gets it.

This is a nation-wide honor society and one which every one should strive to be eligible to join. Will not the emblem, the torch, held high, inspire all of you with those ideals that challenge your highest and best powers?

THE senate of the Altoona Senior High School is a body of students representing the three classes and the prominent organizations of the school. Every school of high standards aims to place a large share of school government in the hands of the students themselves. For the years 1930-31 and 1931-32 the student body of the Altoona High School has had its voice in school government.

The aim of the senate is the advancement of the school morale. Its work is the handling of school law violations by the students, the promoting of sportsmanship at various athletic functions, the providing of facilities for general social events, and the stimulating of better co-operation between the teachers, students and parents.

To have all that you deserve is luck.

THE Quill and Scroll, the international honorary society for high school journalists, numbers over five hundred chapters. These are located in every state of the Union, in Hawaii, in England, and in China. More than ten thousand young journalists from schools which are outstanding in the quality of their publication work have been initiated into the group and wear the significant gold emblem. The society was first organized on April 10, 1926 by a group of high school supervisors and has since taken an active part in raising journalistic journalism. Altoona High School joined the group last year and adopted the singular appellation of "Scriveners" for its chapter of the society.

Members of the Quill and Scroll must be chosen from the students enrolled in high school who, at the time of their election, meet the following requirements: (1) They must be of at least Junior standing, (2) they must be in the upper third of their class in general scholastic standing at the time of their election (for the current year,) (3) they must have done superior work in some phase of journalistic or creative endeavor, (4) they must be recommended by the supervisor or by the committee governing publications, and (5) they must be approved by the national secretary-treasurer.

Despite the fact that it has been a part of Altoona High School for only two years, our "Scriveners" group has accomplished a great deal, and much is to be achieved in the very near future.

ALTHOUGH the debating team has not met this year with the success it had in 1931, when Altoona took third place in the State finals of the Pennsylvania Forensic League Debates, it has, nevertheless, made praiseworthy efforts. Miss McCauley, the coach, has developed one of the best debating groups our high school has ever seen, in spite of the fierce competition of other Blair County teams. A larger group than usual turned out for the team this year, a sign of growing interest our pupils are taking in this activity. Both Junior and Senior classes were represented on the team and among the "subs." Maxine Miller and Helena Samuel were the Junior speakers, and Robert McNaughton and Lynn Hildebrand were the Senior speakers. Philip Geary, a Junior substitute, debated on March 10, against Hollidaysburg. Although no Sophomore tried to make the team this year, members of this class are both permitted and encouraged to do so.

The Altoona Affirmative and Negative teams met Tyrone and Claysburg on March 3, defeating both opponents by wide margins. The Hollidaysburg speakers met a similar fate on March 10; and on March 17, Altoona and Williamsburg, traditional enemies in these inter-school contests, debated at Hollidaysburg before an audience of several hundred, to decide the Blair County debating title. The victory fell to Williamsburg, giving our able opponents the right to represent Blair County in the sectional and State contests.

Although the graduation exercises this year will see the loss of several competent Seniors, we must not forget that there are as many almost equally competent underclassmen, who will form the nucleus of next year's team, which should, by these signs, have an eminently successful season.

THE Hall Patrol, consisting of boys and girls who have a good scholastic standing, definite leadership qualities, and a pleasant and courteous attitude toward all, is an important part of the administration of the Altoona High School.

The Patrol aids in encouraging the students to move through the halls in an orderly fashion, observing the traffic regulations on the stairs.

The sponsor of this organization is Miss Marie Lauver, who receives all complaints and ideas for the betterment of the Patrol.

She has as her aids, a head captain, Sara Jane Moses, and two sub-captains for each floor.

The head captain visits all floors and sees that the sub-captains are on duty; while they in turn, go to the posts of their different squad members to see that they are making proper use of their authority.

Thus, the traffic in our halls is regulated by the co-operation of the student body and the guidance of the Hall Patrol.

THE Girls' Athletic Club was organized, Thursday, October 22, under the direction of its sponsor, Miss Eyre. There are seventy-five active members, who meet every Thursday morning in the gym during the activity period. Due to this large membership it was necessary to divide the club into four teams, each having its own captain, name, and color. They are as follows:

Marian Hirst—"Peppy Steppers".....Green
Bertha Boldt—"Merry Makers".....Blue
Dot Richards—"Slippery Sixteen".....Red
"Dutch" Snyder—"The Dutches".....Orange

In extremely hot weather the members did not play any out-of-door games except hockey, which added to the enthusiasm and interest of the club.

The purpose of this club is to arouse more interest in girls' athletics and to make for efficiency in all lines of physical activities. By getting together each week the members were able to achieve their goal in an organized manner.

The achievements of this club lie in the individual. Those girls taking the most active part got the most enjoyment out of it. The real idea is not to make great teams but to give the girls something that will prove beneficial in life. The club develops and prepares girls and makes them more physically-fit for many of their activities in high school and out of school.

THE Automobile Safety Club is one of the many clubs under the Boys Federation of the Altoona High School. It was organized by our sponsors Mr. Miller and Mr. Grove for the purpose of teaching its members the value of safety in Altoona. In the city of Altoona, many accidents occur each year because of carelessness on the part of the pedestrians and automobile drivers. It is the aim of the members of this club to do everything possible to prevent these accidents. The work of this club has apparently been successful. Many people outside of the club take interest in the work of the club and try to help it along.

Out of this club the Boys' Patrol was founded for the Altoona High School. These boy patrolmen are stationed at corners around the school to direct pedestrians and school children safely to the other side of the street.

THE Altoona High School Aviation Club was organized to aid in removing the fear of flying, and foster interest and understanding in aviation among the youth of the school.

The newspapers and magazines put fear into youths because of the gruesome headlines and writeups of accidents. Most of these are exaggerated to a great extent.

It is our privilege to know that flying is the safest method of travel today. We talk of the types of airplanes that are used in the different lines of work, of the tests the pilot has to pass for higher ranking, and of the tests the units of a plane is put through before they are assembled.

The organization of this club brought so many fellows that the meetings are now held on the boys' gymnasium bleachers.

THE Chemistry Club, sponsored by Mr. Hoffman, was an organization of Junior and Senior boys interested in the study and application of chemistry. To become a member of the club it was necessary to take the course in chemistry offered in Senior High school. During the year many interesting periods were spent in demonstrations of chemical actions.

The purpose of the club was to bring about a thorough understanding of the application of chemistry to our everyday life.

During the first semester of the year, the activity periods were presided over by Mr. Hoffman, who gave demonstrations of practical chemistry. The second semester was spent in experiments in qualitative analysis which the members carried on themselves. Different types of earth, rock, and other unknown substances were brought to club; an attempt was made to find their composition, and many gratifying results were obtained. The members of this club who were at the time taking chemistry and those who had taken it before received much benefit from the experiments and discussions.

THE Commercial Club, governed by a constitution, consists of Juniors and Seniors taking two or more commercial subjects. The members of the club are divided into groups of six, with a sponsor for each. The Gregg Writer Club is one branch.

The purpose of the club is to aid the members in becoming more familiar with modern methods of business and their leaders, to give social opportunities for commercial students, to foster leadership and scholarship, and to render secretarial services to our school.

The club interviews business men of the city in regard to business methods and the qualifications necessary for secretaries in their offices. This project will be put in suitable form for reference material.

Each year the Commercial Department, in co-operation with the administration, chooses the most outstanding senior student in this department, on the basis of scholarship and leadership. This year the honor has been awarded to Martha Brumbaugh, daughter of Mr. and Mrs. A. E. Brumbaugh of Juniata Gap. Honorable mention was given to Edith Santella and Pauline Griffith.

Martha graduates from the secretarial course of the high school. She is a member of the National Honor Society, typist for the Mountain Echo, and president of the Commercial Club. Through the courtesy of the Altoona Booster Association, their award goes this year to Martha.

THE Boys' Dramatic Club, under the main organization of the Boys Federation, was inaugurated a year ago under the sponsorship of Mr. Ben Culler. This club, although in its first year, then had a membership of thirty. This year under the new sponsor, Mr. Albert Snyder, the membership has increased to forty. The officers elected this year were: President, William Housley; vice president, James Owens; secretary, Wilbur Kane; and treasurer, William Keckler.

The purposes of the club are: To present refined drama depicting moral and social lessons; to provide a means by which to bring out to the fullest extent latent active ability of the majority of its members; to promote an appreciation of the drama by study of its origin, and styles in representative nations; to develop technique through actual participation in drama sponsored by the club; and to improve enunciation and correct use of English.

A certain amount of difficulty was encountered during last year in producing plays. However, a thorough study of different types of drama was made by the members. A play given over the radio station WFBG increased interest and stimulated a general well-feeling for the work of the dramatic club. This year, two one-act plays were selected for presentation.

Girls' Dramatic Club

THE Girls' Dramatic Club is organized to furnish training in enunciation, interpretation, and the production of a pleasing tone quality. To gain this end, the members were given cards with instructions from which each girl gave her own interpretation of the lines, gestures, or action called for on the card.

This year, the Girls' Dramatic Club put on a different type of play, yet it took the audience back to the "Land of Make Believe." The title of the play was "The Romantic Age," by A. A. Milne. The cast for the play included: Dorothy Fowler, William Davis, Betty Davis and Homer Patton. To Miss Ritts belongs the credit for the performances presented during the year.

THE Entertainment Club consists of 300 girls who are interested in the social life of the school. This club, sponsored by Miss McKerihan and the assistant sponsor Miss Pfeiffer, was organized in October.

The main purpose of this group is to learn the art of entertaining gracefully, both at home and at school. We are interested in being the perfect hostesses for all occasions.

Bottom Row: Robinson, O'Keif, Nickol, J. Mattern, Ammerman, Mole, Mattern, Mattern, Miller.

DURING the year the group has taken an active part in the social life of the school. This group sponsored the Friday afternoon dances which have been a great source of pleasure for the school. One of these dances on December 11 was given in honor of the football team. On October 31, the club entertained the entire League at a Hallowe'en Frolic which proved to be a highly enjoyable affair. This group presented a program for the general Girls League meeting on December 22, a pantomime entitled "Round the World with Merry Christmas." In February the club held a successful tea for the mothers of the members at which time the members got some valuable practice in performing a hostess' duties. It has been a successful and happy year for this group which was the largest of the League.

THE Forestry Club of the Altoona High School is becoming the school's most popular club. This is evident in the fact that the large enrollment necessitated the forming of four different groups in order to accommodate those who wished to become members of the club.

The purposes of the Forestry Club are many. The main aims, however, are to promote the conservation of all our natural resources, to teach the value of outdoor life, to get a practical knowledge of the outdoors, and last but not least to try to have at least a part of our one time magnificent forests for our posterity.

In the past under the guidance of Mr. Dickey and several locally eminent speakers, the club has obtained an invaluable knowledge of the importance which forests play in our every day life.

Mr. Harbaugh's Forestry Club

Top Row: Gimbodo, Stiffler, Jackson, Dodson, Fresh, Eickes, Burk, Tate, Hanlin.
Middle Row: Mr. Harbaugh, Smith, Pitman, Carey, Briggs, Morris, Madera, Keller, Loudenslager, Rupp. Podgurski.
Bottom Row: Schreiber, Hamilton, Burgiss, Books, Shaner, Botts, Ake, Getz, Rosefsky.

OFFICERS

President.....Dale Shaner
Vice President.....Donald Roup
Secretary.....Melvin Ira Books
Treasurer.....Robert Boltz

THE Forestry Club, under the sponsorship of Mr. Harbaugh, meets in room 321. The club officers are Dale Shaner, president; Donald Roup, vice president; Melvin Ira Books, treasurer; and Robert Boltz, secretary.

At the club meetings, pictures of trees and reptiles are shown on the screen, and short talks on each including the general desription, habitat, peculiarities of these, and in the case of snakes, some "tall stories" are given. The club discussed the forests of centuries ago and the manner in which the trees and plants of that age were turned to stone. Specimens from the petrified forest were passed around among the club members for examination. The club was addressed by Levi Gilbert concerning his trip to California in 1930.

The club intends to discuss the plants, fish, animals, birds, and reptiles of the forest; and, if possible, to show moving pictures and obtain an outside speaker for these discussions. It also plans to discuss the various state forest camps, and, if it is possible, to visit one of these on an overnight trip.

Mr. Hare's Forestry Club

Top Row: McConeah, Herbert, Loudon, Douglas, Harlan.
Middle Row: Hoover, Adams, McVicker, Ross, Henry, McCachran, Calvert, McConaly, Hatch.
Bottom Row: Lehrer, Curry, Lotz, Gieg, T. Miller, R. Miller, Clabaugh, Lengle.

OFFICERS

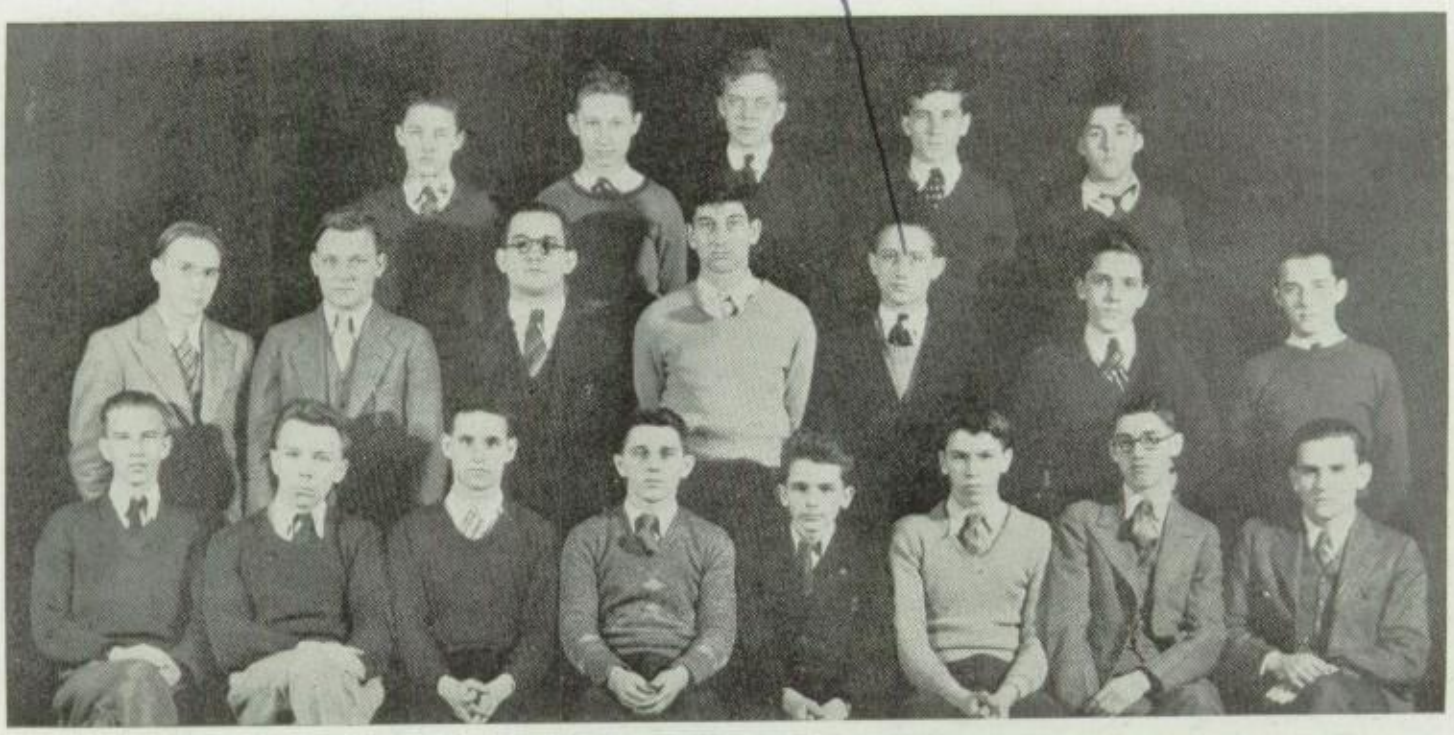
Vice President.....Robert Miller
Secretary.....Francis Claybaugh
Treasurer.....Thomas Miller

THE Forestry Club has obtained so many members since it was organized in 1929 that it is now divided into four groups in order to accommodate those who wish to join. This group is sponsored by Mr. Hare who is well acquainted with outdoor life.

Two of the most important purposes of this club are to acquaint the students with outdoor life, and to teach them the value of natural resources. The club would like to familiarize each student who knows absolutely nothing about trees or the care of trees with the wonderfulness of nature.

The club took several hikes and was entertained by speakers who are interested in this sort of work. It was also entertained by movies on different phases of nature in the auditorium and cafeteria.

Mr. Pegg's Forestry Club



Top Row: Springer, George, Riley, Smelzer, Mountain.
Middle Row: Snyder, Cornelius, Gill, Armstrong, Little, Ellsworth, Buck.
Bottom Row: Weyant, McUlvay, Osman, Stewart, Heiler, Harnish, Rodgers, Reed.

OFFICERS

President.....Richard Heiler
Vice President.....Harry Trout
Secretary.....Edward Stewart
Treasurer.....Paul Harnish

MR. PEGG'S Forestry Club is one of the four forestry clubs in our school. This club consists of about twenty-five boys who are interested in the real purpose of forestry. The officers consist of Richard Heiler, president; Harry Trout, vice president; Edward Stewart, secretary; and Paul Harnish, treasurer. Mr. Pegg is acting sponsor of this group.

The purpose of this club is to promote the knowledge of care in handling of the rifle, and to help build up the rifle team. Mr. Pegg was a member of the Gettysburg College Rifle Club for three years, and he gave instructions on the care and handling of the rifle.

The club has a few members on the A. H. S. Rifle Team, and expects to put a few more on it soon. Much interest has been developed through the efforts of the forestry club. It is planned to have some indoor shoots, and as soon as the weather permits, to do some shooting out-of-doors.

THE Forum Group of the Girls League is under the direction of Miss Turner. The club was organized at the first meeting, in which these officers were elected: President, Mildred Korns; vice president, Barbara Rusynyk; secretary, Mabel Ellis.

The purpose of the Forum Club is one of great importance. When out in public, girls often wish to speak fluently, intelligently at any time. People are judged many times by their voices, by what they say, and by the way they say it. So the purpose of this club is to train students to speak correctly and fearlessly, and to be able to meet the world.

The club was organized very recently, and so its achievements have been very few so far. It trains girls in voice control, enunciation, and expression. In the future, it will offer a course in extemporaneous speaking, and its members will have the privilege of giving extemporaneous talks in general meetings of the Girls League.

TO prepare for the future Mountain Echo staff the Newswriting or Fourth Estate Club met bi-monthly in Room 200. There the candidates who wished to prepare for school newspaper work were given some of the fundamentals by the sponsor, Miss Wray and by members of this year's staff.

Frequently, as supplementary work, outside speakers were brought in to address the club. Mr. Richard Barclay of the Altoona Tribune and Mrs. Krick spoke to the club during the first semester.

During the year, various members of the club prepared speeches on the great American journalists such as Joseph Pulitzer, William Randolph Hearst, Adolph Ochs, and E. W. Scripps.

The meetings of the Blair County Scholastic Press Association which were held in December and in April at Tyrone and Hollidaysburg were attended by several members of the club. Some members visited New York to attend the Columbia Scholastic Press Association Meeting.

From this club the future editors of the Mountain Echo are chosen. The duties that they will incur when in staff positions are explained and reportorial work is made easier for them.

The officers of the club were not elected to their positions but were appointed by the sponsor so as to get better results. Under these officers the club, consisting of thirty members, had a successful year.

THE Hi-Y Club of Altoona High School consists of representatives of the sophomore, junior and senior classes, and is governed in accordance with by-laws as laid down in the club constitution. The club serves as a connecting link between the school and the Y. M. C. A. Thus it benefits its members by giving them the opportunity of enjoying privileges at the "Y" building.

The purpose of the Hi-Y club is to develop the youth spiritually, mentally, and physically. For spiritual guidance the Hi-Y club sponsors a men's Bible study class at the Y. M. C. A. each year. All members of the club are obliged to maintain a high scholastic standing. The Hi-Y basketball team upheld the physical reputation of the organization in its most successful season.

The club is one of the most active of its kind in the state in sending representatives to various state Hi-Y conventions. An annual banquet for the fathers and mothers is a feature on the club's program. It is the purpose of the Hi-Y to maintain order in the cafeteria. This work, well done, has gained considerable merit for the organization.

THE aim of the Library Club is to give students an opportunity to develop the power of finding, the art of sifting, the habit of reference books, and the opportunity to develop skill and resourcefulness in the use of library facilities.

Each girl selected one of the following committees on which to work: Program, Shelf Reading, Magazine, Clipping, Book Truck, and Bulletin Board.

Scrap books made in various high school libraries in the United States were borrowed from the American Library Association. Methods used in other schools were studied and compared with those used in our school.

At the second and third meetings, reading habits were discussed by the girls and also by a guest speaker. Each girl was asked to observe her own reading habit, to decide what she considered an ideal reading habit, and to aim toward the latter. At the close of the term the girls gave reports of their findings and what they had succeeded in accomplishing.

Quotations were selected by the club and printed by the mechanical drawing department for use on the large bulletin boards in the halls. These were changed once a week.

The Forum and Library Clubs gave a Saint Patrick Tea in the library for the mothers on March seventeenth. For this occasion the club worked out a play on the subject of "How the Home Room Club Can Help to Develop Reading Habits."

DUE to the increasing popularity and interest manifested toward the field of languages, taught in our high school, the Modern Language Club, an organization comprised chiefly of students who are making a close study of one or more languages offered in the school curriculum, has recently been organized under the zealous sponsorship of Mr. Charles Grimminger, head of the Language Department.

The object of the Modern Language Club is to give the eager members a thorough understanding of the background of the language they are pursuing and to enable them to realize the beauty, which is involved in the Romance Languages, which have undergone many changes during their development, due to the many influences which gradually introduce new forms. The detailed discussion of the effect of these influences together with the tracing of foreign words and phrases which still prevail in our noble language is the main undertaking of the club. It especially affords each member an opportunity to acquire a better knowledge of the history of our native tongue and its relationship to other languages.

Each year, thus far, the club has sought to display its progress by a program in which the nations have been represented by their outstanding peculiarities such as native peasant dances, foreign songs in solo or chorus, playlets, and impersonations of famous characters.

MEMBERSHIP in the Modern Novel Club should be an important item in the repertoire of all those interested in the different phases of contemporary fiction. This club, in past years, has attempted and succeeded in giving its members higher standards of judgment and appreciation of the novels of the day, interest in those works which are both educational and entertaining, and an acquaintanceship with their contemporary literary figures.

This year the club purposed to do those same things in addition to studying and becoming acquainted with the works of the more popular writers of the day. Those authors chosen from the multitude were, Zona Gale, Zane Gray, Kathleen Norris, and Temple Bailey. Book reviews were given, extracts were enacted before the club, and the life stories of different authors were presented to the club.

Considering the fact that the club met on alternate Thursdays, it has accomplished wonderful things under the capable leadership of Miss Woomer. It has brought into the lives of its members adventure, knowledge and appreciation of the best standards of better type of modern literature.

THE Physics and Radio Club has three officers at present to attend to the welfare of the club. As only one member so far is interested in physics experiments, it is largely a radio club.

The purpose of the club is to help those interested in radio to learn more about it. Those members desiring to become short wave transmitting amateurs are assisted in learning the telegraphic code and in getting the necessary technical knowledge required by the government before operator and station licenses can be procured.

Some members have radio apparatus with which they expect to build short wave receivers soon. The president of the club and one other member have already had their amateur stations on the air for about a year with assigned call letters, W8DYF and W8BLJ respectively, and have contacted with stations all over the United States, even to the west coast.

THIS year the Social Service Club has 126 members; this is the largest number it has ever had. In order to make the work easier it was divided into four divisions: Welfare, School Service, Story Telling, and First Aid. It is the duty of the Welfare Group to plan for the Christmas activities of the Club. At a tea given in honor of the mothers, this group presented the one act play the "Quest at the Inn." The annual trip to Williamsburg was made, and oranges and gifts were presented to each orphan. The members of this club hope to serve the school better in the years to come.

THE Sports Club of Altoona High is made up of the baseball, football, and basketball men of the school, and many other followers of high school sports. When the club was first organized several years ago, it consisted of eleven members. Its popularity increased in the succeeding years, until at present the enrollment is sixty-two. The club met regularly bi-monthly during 1931-32, and during the meetings many interesting things, dear to the sports fan's heart, were discussed, such as the new football rules for 1932, and interesting experiences by the boys themseleves. The officers are: William Dillon, president; Edward Milton, vice president, and Fred Lafferty, secretary-treasurer. The club was sponsored by Mr. Emanuel.

THE development of the theatre and stage from ancient times to the present is shown by charts and pictures, shown to the members of the Stage Craft Club. Then various stage terms and equipment are presented by mimeographed sheets and verbal explanations, supplemented by visits to various stages in the city. Experienced boys coach the others in the various duties about the stage so they can help with rehearsals and the presentation of plays. Reports on interesting articles pertaining to the stage are presented by members during club meetings.

One of the purposes of the club is to furnish boys with an opportunity to engage in an enjoyable activity, started perhaps when in junior high school. Another purpose is to have, available in the school, boys capable of assisting in the presentation of any plays or presentations which may be given.

The Stage Craft Club has helped boys to become familiar with and expand their knowledge of stage terms and equipment as well as the various duties necessary for the successful presentation of many plays given by various school departments, Boys Federation, Girls League, Dramatic Department, Annual School Play, etc.

THE Track Club was organized in 1930 by Mr. Bartholomew, and at first was not very popular. This year's club, however, is one of the outstanding ones of the school. The enrollment is large, and programs are carefully selected by the sponsor and the committee. Students are welcome whether they participate in athletics or not.

One of the aims of this club is to have speakers from different parts of the country who are or have been famous track stars. They speak to the boys on different phases of track work, and in turn the boys are able to overcome some of their weak points. The club has had such speakers as Nate Cartwell, coach at Penn State; "Al" Bates, Olympic broad-jumper; "Dick" Detwiler, outstanding Penn State track man, and others.

Another object of the Track Club is to help the members aim higher in what ever they may do. This club stresses clearly that it is essential to have the fighting spirit every inch of the way, because an event is never won or lost until the end; to have high ideals; to form good habits; and to keep a clean mind. When an athlete competes in an event, he must concentrate with determination to battle to the end. These qualifications are taught and achieved by the members.

THE main object for the formation of the Ushers' Club was to take care of the crowds at the athletic games. This year this club has completed its second successful season, in assisting at all basketball and football games. The ushers are posted over the stands to assist our visitors who are not acquainted with our gridiron and cage facilities.

All the ushers wear arm bands to distinguish them from other students. Boys wearing these arm bands have the right to keep upstarts and undesirables from entering the crowd, to keep people without reserved tickets out of the reserved sections, and to keep general good order in the vicinity of their posts.

In order to perform these duties, it is necessary to have someone teach the boys. This position was filled very well by Mr. Plummer, the club's able sponsor. We, as students, owe a lot to these boys for their guidance at our lectures, games and plays.

AN entirely new phase of work has been introduced to the Girls League through the World Friendship Group. At the first meeting of the group the officers were elected, a tentative program for the year was planned, and committees were appointed to carry out the work of the club.

The group was established to keep student activities in close contact with world interests. A friendly attitude toward people of all nations is an important trend in modern thinking.

One of the activities of this group has been the making of flags of all nations—a tangible display of its aims. At a meeting of the Girls League, the World Friendship Group presented Lady Gregory's *Spreading the News.* Believing that friendship should begin at home this group sponsored two social events: a tea, and a Christmas party. The meetings of this group have brought forth some unusually interesting discussions.

Top Row: Imler, Mr. Wimmer, Richette, Balthaser.
Bottom Row: Sutter, Cummins, Waite, Rusynyk.

OFFICERS

President.....Earl Smith
Vice President.....Gladys Cummins
Secretary.....Grace Waite
Sponsor.....Mr. Wimmer

THIS club consists of the small membership of thirteen students. These members are either present students of the zoology classes or are past students who have had some experience in the work. The officers consist of a president, a vice president, and a secretary, who with the aid of Mr. Wimmer, the sponsor, conduct the meetings.

During each club meeting the members aim to learn more about the state's native animals, and in addition, try to gain a general knowledge of all animals. In order to study and observe the animals of Pennsylvania more closely, trips are planned to places of interest.

The special interests of each member were carried out by means of projects. Each one made a booklet in his project; these are to be kept by our sponsor for future use in the science classes of coming years.

THE 1931 Football season was opened by an early session of practice at which many veterans of both the Varsity and the Junior Varsity of the 1930 team participated. The season looked bright from the start as the brilliant Maroons faced and disposed opponent after opponent. Then the squad, like many other celebrities, met its Waterloo when John Harris High School of Harrisburg invaded Altoona.

Throughout the entire season the team showed a variety of play both on the offence and the defense which almost amounted to genius. The varsity players had to fight hard to hold their places because of the stellar qualities of the second string men who showed very good form throughout the season. Following is the history of the attainments of our team in the 1931 season:

Mansion Park Athletic Field

Our Victories and Defeats

FORTY candidates for the Maroon squad participated in an afternoon workout when the A. H. S. scored nine touchdowns at Mansion Park. Williamsburg High was licked 60-0, the score being the highest ever marked up against the Blue and White Paper-town team.

Under the leadership of Eddie Milton, the Altoona team stepped out in their new scarlet jerseys. These uniforms proved no detriment to the work of the "Scarlet Steppers" as they reeled off twenty-two first downs to the visitors seven. After a march of sixty yards, Milton carried the ball over the goal for the first six points of the season.

The Williamsburg game can be remembered for its lack of penalties, there being only one for each team. Altoona received one of five yards for being off side and Williamsburg one for five yards for taking a fourth time out.

Altoona's scarlet grid team was scored on for the first time when Pittsburgh's South High team advanced on Altoona only to receive a defeat 33-6. Their lone score was achieved when "Snaps" inserted the second and third squads.

In the first quarter "Big Bill" took the pigskin over on a triple reverse and then kicked the extra point. During both the second and third quarters Patt, lanky end for the Cardinals, recovered fumbles which later resulted in touchdowns. In the second quarter Lafferty sprinted thirty-five yards for six points, and again in the last quarter Shock, substitute full-back ran thirty-five yards for the final score.

A good sized crowd of about thirty-five hundred witnessed the battle with Pittsburgh's game team. Gulyas, quarter-back for South High starred during the game, playing a large part in the South's lone touchdown.

The Emanuelites enjoyed a field day as they snowed the Red and White visitors under 60-7. The first two squads had an easy time of it but the third proved a little too weak, allowing Captain Kelly to carry the ball across in the final quarter for Bellefonte's only touchdown.

During the entire game the points piled up so fast that some difficulty was experienced in keeping track of the score. Most of the touchdowns were made after long runs of from twenty-three to seventy yards. Dinges, Sipes, Milton, Marshall, and Porta each made at least one touchdown.

Altoona made seventeen first downs to the Red's one. The best Bellefonte gain was forty-five yards on a pass. "Sonny Boy" ran fifty yards and walked twenty for the best yardage of the day.

The fourth consecutive victory of the season was chalked up to Altoona as an 87 to 0 score was easily gained from our blue and white neighbors. The Maroons' aerial game proved no weaker than their ground work which was very good.

Altoona's first touchdown was scored in the first two minutes of play. Lafferty caught a Hollidaysburg punt on his own forty yard line and carried it over the goal after a brilliant exhibition of broken field running. Dillon contributed twenty-three points to the Scarlets' score, Dinges donated twenty, and the rest were divided evenly among Milton, Sipes, Lafferty and Shock.

Last year the Blue and White's eleven held the Maroon Avalanche to a single touchdown. In defeating the Burgers in the '31 game the Scarlet Steppers came within two points of establishing an all time scoring record.

In spite of a steady drizzle, approximately five thousand football fans packed Mansion Park stands to witness the defeat of our Lock Haven opponents to the tune of 36 to 6.

During the first quarter a pass, Dillon to Lafferty, was good for fifty yards and a touchdown. At the end of the first half the score stood 24 to 0 in favor of the Maroons. In each of the last two quarters a touchdown was achieved; in the third quarter a pass, Dillon to Babe Patt, resulted in a touchdown, and in the last quarter "Sonny Boy" carried the ball over for the final six points.

Thus in spite of the hard fair fight waged by the purple gridders from Lock Haven, Altoona again carried home the scalp to decorate the already crowded trophy cases of the Altoona High School. Every one agrees that Lock Haven is an antagonist worthy of any school.

In spite of numerous signs of bad weather, and the distance separating the two towns a large contingent of Altoona rooters traveled to New Castle to witness the defeat of the "Tin City Warriors." Due as much to the fighting spirit of the Maroons as to any other one thing, the sixth win of the season was chalked up to Altoona, adding another thirteen points to Altoona's growing score and six to that of their opponents.

Every man on the team played real football marring the record only by numerous scuffles. A pass, Dillon to Lafferty, netted the first score in the

second quarter and a series of line plunges in the last two periods increased the record by six. Sipes' kick after Dillon's realized the thirteenth point. New Castle's lone touchdown was achieved by a continuous hammering on right tackle, weakened by the absence of Lichtenstein injured in the Bellefonte game.

The high school regrets the poor sportsmanship displayed in the near riot which almost spoiled an otherwise perfect Altoona Day. Our team did, however, gain the football played with as was their right.

In the twelfth annual meeting with Johnstown, held at Point Stadium, the Altoona High snared the football victory, winning 28-0. One of the largest football crowds to ever watch a scholastic game in Johnstown was present.

Shock filling the fullback position was more than just a substitute in that game. Although he fumbled twice, due to an inrush of tacklers, on a dozen occasions he tore off large gains and starred on the defensive. The first touchdown was achieved by Captain Dinges who intercepted a forward pass and ran forty yards for a touchdown. Don Shock in two successive plays made thirty-three yards through the Johnstown line for the second touchdown. In the third period Altoona gained a safety. After a march of fifty-five yards, Captain Dinges again carried the ball over the goal line. Dillon rushed the extra point. The final score was achieved when Eddie Milton raced fifty yards for a touchdown. Seven other chances to score were offered to Altoona.

The bands of both schools attended the game and looked snappy as they strutted their stuff before the game and between the halves. A parade was staged on Eleventh Avenue after the return of the special train to Altoona.

Playing their third out-of-town game in as many weeks the Altoona "Scarlet Steppers" invaded Clearfield and defeated the Black and Red Marauders from that town by the one-sided score of 51-0. It was a field day for the Emanuelites as they outplayed their mountaineer rivals in every department.

"Flash" Lafferty began the scoring immediately after the starting of the game by running back a Clearfield punt fifty-five yards. During the remainder of the game the locals ran wild, and before the game was over Shock and Dinges each had two touchdowns to their credit; Sipes, Shingler, and Patt also had a six pointer besides the one scored by Lafferty. Sipes was successful in scoring the extra point on two occasions and Dillon scored one.

About twelve hundred Altoona fans braved the cold and made the journey to see the fray. Their efforts were repaid as every member of the squad saw action at one time or another during the game. At no time during the contest was the Altoona goal in danger.

Playing one of those kicking games in which Altoona is usually supreme due to Dillon's kicking ability, the Maroon squad downed Huntingdon at Mansion Park 19-0.

For the first five minutes there was but an interchange of kicks; then a series of plays pushed the ball over the Huntingdon goal for Altoona's first score. Dinges added the other point. In the second quarter, after more kicks, Lafferty caught a punt on the Huntingdon thirty-five yard line. A number of line plunges was all that was then needed to pile up another six points. A third score was achieved in the third period while a fourth might have been made in the last quarter if Milton had not fumbled the ball giving the Huntingdon team a touchback.

A new diversion was provided during the half in the form of a parachute jump by Jack Somers. The bands of both teams paraded, each forming the letters of the schools.

Held to 7-0 in the first half, an aroused Maroon and White Eleven scored three times to take the victory 27-0. The Portage Tornadoes gave Altoona just about the toughest forty-eight minutes of football experienced in any game. The whole Portage team played championship calibre football in the first half, but the second period was all Altoona's.

The hustling gold suited team from Portage ran everywhere during the first half, doing everything but scoring. In the beginning of the second half when Haddad broke through and spilled Dillon for an eight yard loss the Altoona team woke up and began to play football. An exchange of kicks followed and Altoona received the ball on her own thirty-five yard line. Here started a march that went sixty-five yards and ended when Dinges shot across the line for the score, the first in the last half and the second of the game. Milton made the sensational play of the day when on Portage's three yard line he took a lateral pass, and seeing a wall of Golden shirts ahead he reversed his field and carried the ball over for six more points.

The Portage High band, a nifty musical and marching organization was much in evidence from the time they marched on the field till the end of the game. The Altoona musical aggregation, which had done much all season to keep up the morale of the "Scarlet Steppers," also gave a brilliant exhibition both before the game and during the intermission between halves.

The eleventh straight victory of the season was won when, on Thanksgiving, the Tyrone squad invaded Altoona for the annual game that this time should decide the W. P. I. A. A. championship. Both teams played to the limit throughout the contest.

In the first half the Orange team was hard to subdue holding the "Ginger Snaps" to a 6-6 tie. The third quarter brought a change as the Maroons pulled into the lead which they kept for the remainder of the game, winning by the margin of 25 to 12. Every man on the team played stellar football and they surely deserved the win which led to the game with the John Harris High for the State Championship.

The record crowd was a sight of which every loyal Altoonan was proud. The band also was present pepping up the spectators and helping keep everybody warm. A great thrill was experienced by Lafferty's spectacular hundred yard run in the last half.

John Harris traveled to Altoona for a post-season game to determine the State Champions. An exciting game was experienced by all the fans even though the Altoona team did drop the game to the Eastern District Champions to the tune of 13 to 7.

The game of the season was against the "Ginger Snaps" from the kick-off to the last whistle. Nothing seemed to stem the series of bad breaks that Altoona received. Despite these unlucky incidents the John Harris team knew they were up against a stubborn rival as the whole team was playing real football throughout the game.

For the first time in a great while Altoona found her band out numbered although they were not outplayed. Both bands received big cheers for their snappy appearance and their excellent playing.

Bottom Row: Managers, Horton and Hasen.

UNDER the mentorship of coaches McCreight and Morris there has been built up a snappy well drilled team called the Junior Varsity, better known as the "Jay Vees." This squad has shown the merit of the "Scrubby" McCreight system by completing an undefeated season against the minor high schools of the state. Forty-four members received their letters this season, most of whom are either sophomores or juniors. These boys will replace the large number of graduates who will necessarily leave the varsity before the season of 1932. Due to the coaching they have received this past season they will be able to carry on the torch of the Altoona fame; showing the fans that Altoona's glory is not dependent on any one team.

Varsity Coaching Staff

Mr. Emanuel, Mr. Bartholomew, Mr. Bashore.

MR. EDWARD F. EMANUEL

ALTOONA High School's head coach in football, basketball, and baseball is a native of Harrisburg, in which city he began his remarkable athletic career. For four years he played on the Harrisburg Tech teams that from 1917 to 1920 gained national fame. During four years at Gettysburg College he participated in the three major sports, winning a captaincy upon three different occasions. Since 1925 Mr. Emanuel has attended the best coaching schools in the country, and has studied the Rockne, Bezdek, and McCracken systems under their personal tutelage.

MR. KENNETH R. BASHORE

Mr. Bashore, our football line coach, represented Colgate University and Shippensburg Teachers College in sports. In the latter college he was captain of the football team. He has had much coaching experience, being mentor for the Tri-County championship basketball team while at Galeton High School, and coach of all sports while at Beaverdale.

MR. RICHARD BARTHOLOMEW

Our football trainer and track coach, Mr. Bartholomew, was a star football and track man at Altoona High years ago. At Penn State, in later years, he won fame as captain of the track team. He holds the Penn State record for the 100 and 220 yard dashes. In 1927 he placed second in the 220 yard dash in national intercollegiate competition.

THE football season closed and practice was started for basketball. Many of last years players were welcomed back on the floor. The prospects of an excellent season under the leadership of Coach Emanuel seemed almost a certainty. The season started off with a bang, and then, disaster. Throughout the remainder of the season the team seemed to be followed by some jinx; easy games were lost and teams that appeared unbeatable were defeated or held to a low score. Below is the line up of the team with its interesting record.

THE track schedule was opened for the season of 1931 by the customary handicap meet in March 27, in which more than one hundred short-trunked athletes of the Altoona High School participated. Despite the earliness of the season, unusually fine form was shown by the runners and weight handlers and some excellent marks were registered. Weather conditions were ideal for the events except for the slight handicap which was experienced by the sprinters in running against a breeze that blew up the track. The meet brought out the finest entry list for a track team in the school's history, each of the events having from five to twelve entries.

A second handicap meet was held on April 3, and considerable improvement was shown by the entire team. A number of Alumni who have achieved places on college teams also took part in several of the events, and in this manner assisted in conditioning the squad.

The annual intra-class track and field meet was held at the Mansion Park field on April 10, and proved to be a close and hard fought affair because of the keen rivalry between the members of the different classes. The senior students won the first leg of the competition for the George C. Hetler tropy, offered by the Altoona Leather Store.

The Altoona High School Varsity track team ran roughshod over the Alumni track and field men in a meet held on April 18, at the Mansion Park field. The Varsity piled up 83 1-3 points and the Alumni 41 2-3 points.

The Altoona High relay team won the Pennsylvania State Relay Championship at the annual Penn Relays at Franklin Field, Philadelphia, April 24-25; the quartet of Maroon runners featuring in the scholastic division. This win was Altoona's second relay championship, the former victory being made in 1928. Altoona drew pole positions to start against their ten opponents. The team consisted of Paul Sherwin, lead off man; Eddie Milton, second; John Hicks, third; and Harvey Rupert, anchor man. An attempt to win the American championship failed.

Altoona High showed a decided superiority on the track, winning the third annual dual meet against Bedford High School on May 2. The two teams battled neck and neck but in the end the Maroons led by two points. One record was broken at this meet when Ed Conrad hurled the javelin 157 feet, 5 inches. The old mark was 154 feet, 9 inches, established in 1924 by Bob Wicker. Bedford opened the day by taking first and second places in the 100 yard dash. The 440 yard event was taken by Harvey Rupert who ran a wonderful race with Shoenfelt and Milton running second and third respectively. Altoona won seven first places and Bedford six.

THE RELAY TEAM

Rupert, Hicks, Milton, Sherwin

Repeating last year's feat, Altoona High's track and field team won the Penn State Interscholastic championship at Pennsylvania State College on May 9. Altoona entered in the "B" class and battled Bedford into submission during the track events, after the Bedford County team ran up a slight margin in the morning. Altoona scored 51 points to Bedford's 43½.

Capturing six first places and breaking two records, the Altoona cindermen won a smashing victory in the District 6 track and field meet, which was held at Mansion Park field on May 16. Altoona took 59 points, 36 more than its nearest competitor, Clearfield. Four records were broken and another tied during the meet. Rupert, classy Maroon hurdler, featured when he broke the 220 yard low hurdle record of 27.1 seconds, by covering the distance in 26.4 seconds. Dinges failed to break the pole vault record but broke the school record of 10 feet 8 inches when he topped the bar at 10 feet 9 inches.

On May 23, the annual P. I. A. A. state meet was held at Mansion Park. Twenty schools were represented, fifteen in the class A division and five in the class B division. Altoona High won the meet with a total of forty-one points.

Altoona planned a meet with Clearfield for May 30. This meet was not held however, and the track schedule officially closed with the state meet on the previous Saturday.

The Baseball Team

ALTOONA experienced her usual season; that is to say very good. Altoona took the pennant with an undefeated record. Some extraordinary batting marks were set during the season. Sipes and Cipriano hit safely in each game. Sipes had five hits in succession and in three games made four hits. Some fine pitching was also displayed; Jimmie Petrarca, fanned thirty-seven batters in three games. He set down fifteen batters in one game and fourteen in another. Sylvester Russell fanned twelve in one game. An unique feature of the season was the presentation of two trophies; one cup to the champions and the other an offering of Altoona High to the runner up, which was Roaring Spring.

The Altoona High baseball champs opened the 1931 baseball season with a running start when they defeated the Roaring Spring team 11-9. Jimmie Petrarca and Paul Cipriano were the veteran battery which opened the season for the Altoona High. A crowd of five hundred attended the game; many left when rain threatened in the first rounds. McGee, right fielder for Springs, pulled the great catch of the day. He took a drive off Markle's bat in the first inning; although in diving for the ball he fell, he managed to hold onto the seamed pellet.

Altoona High's fast stepping diamond aggregation added another win to their laurels when they pounded out 20 hits to make 17 runs and trounce Martinsburg 17 to 3 on the Prospect Hill diamond. "Big Bill" Dillon rapped out three home runs and a two base hit in his five trips to the plate. Home runs were also chalked up by

Trostle and Kenner. Martinsburg sent three runners across the plate during the first period but were held scoreless the rest of the game. The Maroon pitchers showed a marked improvement.

The Maroons initial trip met with success as the "Snaps" Emanuel nine defeated Claysburg on the Bricktown's own home field. The 15 to 0 whitewash was the first shut out in the league during the season of '31. Jimmie Petrarca, leading chucker for Altoona hurled the entire game holding the Claysburg team down to four hits, the home plate never being threatened. Eddie Rush, captain, featured with four hits, one going for a triple.

The Altoona High Maroons won the fourth straight ball game of the season, licking Morrison Cove High at Prospect Hill. Altoona took the game 21 to 7 in seven dusty innings as a gale fanned the dust and dirt several times causing a halt of baseball actions. Cove High had one good inning, the third, when the Cove boys poled out six runs.

Henry Kenner, Altoona's slugging left fielder, got two homers while Gene Sipes and Jack Markel also hit circuit blows in the game with Williamsburg at Prospect Hill. "Butch" Schmidt started in the box for Altoona and succeeded in striking out nine of the Williamsburg boys. In the seventh inning he was replaced by Jimmie Monahan who in turn was replaced by "Speedball" Russell. Altoona got 16 hits, 17 runs, and 2 errors; Williamsburg had 8 hits, 1 run and 1 error.

The sixth consecutive game of the season was won by the Altoona squad after a real battle during which the Maroons brought in 3 runs to the 2 made by the Roaring Spring High. The win practically cinched the Blair County High Baseball League championship. Coach Benford's crew was held scoreless till the seventh inning when a high fly off the bat of Don Butler was dropped by Kenner in left field. The game, hard fought from start to finish was a pitchers' battle. Berkheimer fanned seven batters while Petrarca turned back eight.

In but five innings of play the Maroons defeated the boys of Martinsburg 23 to 3. Altoona High went on a batting rampage and some real fine hitting was done. Sylvester did some fine work in the pitcher's box.

Cove High proved themselves gluttons for punishment by taking a good beating, on their own field, from the Maroon batters who had 21 hits and 20 runs from Ayers their pitcher. It was the second time in the '31 season that the Altoona team defeated the Cove boys by a large score, but the first time that they held them scoreless. Sipes, shortstop, laid out five hits in six trips to bat and Ty Rush who also played a flashy game had three hits in four trips.

Claysburg's unique battery featuring Jack Oakley, pitcher, and Robert Mosley, catcher, were unable to check the Maroon hits in the second Claysburg-Altoona game. The Emanuelites knocked out 17 hits and 9 runs while Jimmie Petrarca pitched his second shut out game of the season over the Bricktowners allowing but six safeties and fanning fourteen batters. In the latter rounds Kenner slapped a neat homer and Eddie Rush had a double.

Altoona High ended the baseball season by scoring the tenth straight victory, defeating the Williamsburg team at Williamsburg to the tune of 15 to 1. The game ended after seven innings. In the second inning the Maroons cinched the game by scoring eight runs. Gene Sipes and Eddie Rush each bagged out four hits, and Bill Dillon made the path circuit four times.

Girls' Hockey

HOCKEY for the year of 1931 proved most successful. With great interest and enthusiasm shown throughout the entire season, and with about three weeks' practice, the class games began. The schedule and scores were as follows:

DATE	TEAMS	SCORE
Nov. 16	Seniors vs. Juniors	1-0
Nov. 17	Seniors vs. Sophomores	1-0
Nov. 18	Juniors vs. Sophomores	2-0

The four teams of the Girls' Athletic Club also competed. The schedule and scores were as follows:

DATE	TEAMS	SCORE
Nov. 19	Slippery Seventeen vs. The Dutches	1-1
Nov. 20	Peppy Steppers vs. Merry Makers	2-0
Nov. 23	Slippery Seventeen vs. Merry Makers	1-0
Nov. 24	Peppy Steppers vs. The Dutches	1-0

Girls' hockey is still in its infancy, but one would be surprised to know how many girls came out for the first practice. There were seventy-five, each eager to do her part in making the 1932 hockey season a success.

The girls certainly enjoyed this sport this season and wish that those who follow will get as much enjoyment out of it in the future as the members did during the season of 1931.

From the three class teams, Miss Eyre, with the aid of Miss McGinnis and Miss Kantner, selected a Varsity Hockey Team which is as follows:

Center Forward	Dot Richards	Center Halfback	Eleanor Crawford
Right Inside	Marie Fonner	Right Halfback	Helen Replogle
Left Inside	Marian Hirst	Left Halfback	Bertha Boldt
Right Wing	Vada Rudasill	Right Fullback	Ethel Howell
Left Wing	Helen Snively	Left Fullback	Dot Snyder
	Goal	Allison Douglas	

The Tennis Team

THE Altoona High School stands out as one of the few high schools in the State of Pennsylvania that has a tennis team; and we can be proud of it.

The schedule played during the season of 1931 was not as complete as we hoped because of the fact that few high schools have tennis teams. It was a disappointment to coach Hauser as well as to the team members that not enough matches were played to make the players eligible for letters.

THE CHEERLEADING STAFF

Head..... Sam Sealfon

Dick Green, Ralph Sealfon, "Chet" Montgomery

FOUR cheerleaders were chosen last fall from a group of candidates by Howard Lindaman. They led the cheering at the various athletic events during the 1931-32 school year.

In their uniforms of Maroon and White they presented an additional touch of color to the events. The full squad was in attendance at all of the football and many of the basketball games.

Few stop to realize that these leaders work just as hard for our success as the members of the team. Much practice and concentration was necessary to prepare them for their duties.

The "Altoona Locomotive" is perhaps the best known and best loved of the yells. Of the songs other than the "Alma Mater," "On Altoona" reigns supreme.

Intra-Mural Sports

INTRA-MURAL sports featuring basketball, volleyball, track, wrestling, boxing, foul shooting and baseball, had a very successful season during the 1931-32 term. Since this phase of competitive sport is being stressed in our school, many homerooms had very successful turn-outs for the different sports offered in this field.

MUSIC

"THE TESTAMENT OF BEAUTY"

. . . . see then how deeply seated is the urgence where to Bach and Mozart obey'd . . . . R. B.

MUSIC

THE Music Department has been the scene of many activities during the past year. The Glee Clubs and Mixed Chorus did excellent work under the direction of Mr. Lindaman and Miss Eberle. The Boys' Glee Club added much to the success of the Annual Show, and the Girls' Glee Club presented a fine Easter cantata. The band has made a great improvement in playing and marching and played for the band concert in April. The orchestra also played in a concert held during Music Week.

Besides the Symphony Orchestra which consists of seventy members, there are two small concert orchestras. The first is led by Mario Del Bianco and the second by Mr. Krivsky. Both orchestras represented our High School on different occasions, at schools, clubs and plays. The brass quartet and string quartet have also presented entertainment.

"The Brevities of 1932," presented for the benefit of the Horseshoe and the Music Department, was a great success from the opening chorus to the last encore. The first act was a conventional minstrel show, enlivened by different jokes and quips together with songs and dances. The numerous gags of the end men were appreciated; Sparrow Mannion brought down the house with his famous impersonations. The songs and dances were numerous, and made the second act well worth seeing and listening to. A finale by the entire company brought the house to its feet with a burst of clapping and cheering.

This was all made possible by the hearty co-operation of the entire Music Department.

THE Boys' Glee Club of the Altoona High School has completed one of the most successful years in the history of its existence. It has presented numerous pieces at the various school and community affairs throughout the past year. Each appearance was greeted with great acclaim by those present. At the Annual Show their musical numbers created much of the interest.

The membership of approximately forty young men sought teaching under the able directorship of Mr. Lindaman, commonly called "Pop."

ONE of the outstanding musical organizations at Altoona High is the Girls' Glee Club. For the past few years it has been under the very able sponsorship of Miss Eberle, having at the present forty members. This is an increase of ten over that of last year.

The Girls' Glee Club has been very active, presenting numerous concerts in the assemblies. A much appreciated program was also presented at the Easter Services.

The Orchestra

THERE is no other organization in the high school which does as much for the school as our orchestra, under the direction of Mr. Frank Krivsky, a new member in the music department this year.

The orchestra meets the third period every day and practices for such events as: Lectures, chapel programs, Christmas and Easter entertainments, and the like.

A new plan has been tried out this year and has proved very pleasing to both the music director and students. Every Tuesday and Thursday are set aside as days when special instructions are given by Mr. Krivsky with the aid of Mario Del Bianco. This is essential to make the whole orchestra better and provides individual attention when it is needed.

The Music Department has some instruments of its own, which are used by students who are eager to learn music and cannot afford an instrument of their own. This is one of the finest things about the department, in that it gives many a chance to learn to play some favorite instrument.

The orchestra this year has been especially outstanding and we hope that it will be the same in years to come.

The Band

UNDER the leadership of Mr. Krivsky, the director, and Clayton Hippo, the drum-major, the Altoona High School band has steadily increased in size until at the present it has a membership of 70 pieces.

During the football season the band turned out for every game, giving the field a gala appearance as well as pepping up the team and crowd. It was also in attendance at many of the basketball games.

An unique custom was adopted this year, in as much as the members were permitted to wear the Altoona "A," which privilege was previously granted only to the members of the athletic organizations.

Boys' Octette

Top Row: Crivelli, Ziegler, Fickes, Gates, Green.
Bottom Row: Moyer, Botwright, Miller, Lindsey.

"Felix the Cat" wishes you good luck.
Charles D. Lindsey.

THE Boys' Octette has been an outstanding feature in the Music Department this year by helping out in the Annual Show, Chapel, and special events. This organization, under the direction of Mr. Lindaman, head of the Music Department, has been successful in every phase of its work. It gives an opportunity to those boys who wish to sing and help their school, for higher learning in music and vocal training.

"The Testament of Beauty"

'TWAS at thatt hour of beauty when the setting sun squandereth his cloudy bed with rosy hues, to flood his lov'd works as in turn he biddeth them Good-night; and all the towers and temples and mansions of men face him in bright farewell, ere they creep from their pomp naked beneath the darkness; . . . . . .

Verily by Beauty it is thatt we come at Wisdom, yet not by Reason at Beauty; and now with many words pleasing myself betimes I am fearing lest in the end I play the tedious orator who maundereth on for lack of heart to make an end of his nothings. Wherefor as when a runner who hath run his round handeth his staff away, and is glad of his rest, here I break off, knowing the goal was not for me the while I ran on telling of what cannot be told.

Robert Bridges.
